Zurich, 26 October 2018

PostDoc position
(80 %, 4 years)

For the interdisciplinary project „Measuring Economic Growth and Welfare in 19th Century Switzerland“ funded by the SNSF we invite applications for a postdoc position (starting date: 1.1.2019, 80% position). The project aims at estimating and analyzing measures for regional economic activity and welfare for Switzerland in the early 19th century, based on unexplored archival sources.

The successful candidate will be a young researcher with strong quantitative skills, holding a PhD in Economics/Economic History or related disciplines. Excellent working knowledge of English and reading skills in French, German or Italian are absolute requirements.

Deadline for the application is December 1, 2018. Candidates for the positions should submit a cover letter, two reference letters, a CV, and a job market paper to Ulrich Woitek (ulrich.woitek@econ.uzh.ch).

Please send your application to Ulrich Woitek (ulrich.woitek@econ.uzh.ch)
