

Corona behavior rules in the library

Own responsibility

- Use the **hand disinfectant we provide** when entering the library.
- Maintain a **distance of 1.5 meters** to the personnel and the other library visitors.

Access to the library

- Members of the UZH and private persons can use **learning spaces** at the library, provided they **book a place** over Booked (at the earliest seven days in advance).
- As in all public and freely accessible interior rooms at the UZH, there is a **mandatory use of masks** in the library, also when you are sitting at your learning space that you reserved in advance.

Clean your learning space and devices before use

- Clean your learning space and any devices with the **supplied disinfectant and paper** before use.

These rules are based on the protection concept for libraries from *bibliosuisse* and the instructions of the UZH management.
