parts of my argument rely on Figure 1. Unfortunately, all the symbols are missing in this figure, and therefore my arguments may have been incomprehensible. Here, Figure 1 is printed with its denotations.

scenario 3 ($0 < m \leq \underline{m}$)	scenario 2 ($\underline{m} < m < \bar{m}$)	scenario 1 ($\bar{m} \leq m$)
$\lambda_3 = A_m$	$\lambda_2 = A_m$	$\lambda_1 = A_{\bar{m}}$
